EXPERIENCE

Alchemy
Front-End Developer
2/2020 - Present

- UI/UX Lead over a small team of front-end developers.
- Designed responsive UI themes and reusable UI components in Figma.
- Coded fully responsive, dynamic UIs, handling form validation, submission, backend routing.
- Reskinned our Admin Dashboard using a DRY CSS structure and a beautiful dark theme.
- React, Vue, Node.js, jQuery, SCSS, Styled-Components, MongoDB, Nunjucks, Sails.js.

Eide Bailly LLP
Systems Integration Engineer
11/2017 - 4/2019

- In-depth support for 5+ systems and tools: Salesforce, NetSuite, Quip, LucidChart, DocuSign.
- Developed integration between Eide Bailly's SQL Database of critical company data and Salesforce.
- Developed integrations between Salesforce and NetSuite data.
- Administrative Salesforce development using process builder and custom code.
- Maintained and validated company data in Salesforce and NetSuite, merging duplicates, etc.

Alexander's
Marketing Manager
12/2015 - 10/2016

- Develop, implement, and direct the marketing and PR efforts of the company and its clients.
- Lead, train, and manage a small team in content marketing, SEO, and news release strategy.
- Manage client relationships and accounts.
- Support and develop new business opportunities to grow revenue streams for Alexander's brands.
- Reworked Alexander's digital strategy to create a reliable system of measurement and planning.
